**PROPOSAL  
FOR A  
PROCESS FOR FORMULATING RECOMMENDATIONS CONCERNING  
CIA RECRUITMENT ON CAMPUS**

The intent of this proposal is to integrate (1) the relevant aspects of our Catholic tradition with (2) an evaluation of the structure and activities of the CIA. In addition, the entire process should be documented thoroughly.

1. Invitations and organization of speakers.
  - (a) The Provost invites external speakers who will speak for and against CIA recruitment on campus, and who will address some of the moral issues involved.
  - (b) The Student Government Association will organize Campus discussion and speakouts.
2. A survey of the policies of other universities (conducted by the Provost's office). The survey would identify those universities which have been through this type of process and would investigate the process and criteria used to make decisions.
3. A review of the policy of the University of Dayton's Placement Office (done by the Executive Committee).
4. A study of the bearing of the University's unique religious commitment on the ethical dimensions of the question.
5. After 1 through 4 are completed, a discussion by the Academic Senate.
  - (a) On the basis of this discussion the Executive Committee will formulate recommendations.
  - (b) The entire Senate votes on the recommendations.
  - (c) The recommendations are forwarded to the President for decision.
6. The recommendations should be given to the President by the 16th of December, 1988.

Our subcommittee recommends that this process be reviewed by the Academic Senate, the Student Government Association, the Democratic Socialists of America, Plowshares, the Young Republicans and the Placement Office. Any suggestions should be written and limited in length to a page. All this should be done within two weeks of sending out the proposed process.
